Interested In

- Data Analysis using Statistical tool
- Web Application Development
- Artificial Intelligence & Machine Learning
- Machine Learning & Image Processing
- Mobile Banking Systems & Financial Technology

Languages proficient with

Back-End Integration

- NestJS | NodeJS | ASP.NET Core
- C++ | Java | C# | PHP | Python
- MySQL & PostgreSQL | MongoDB
- MVC

Front-End Integration

- ReactJS | NextJS
- jQuery | JavaScript & TypeScript
- Bootstrap | Tailwind CSS

Career Overview

Trainee Intern, Front-End Development EDGE Bangladesh (Under ICT Division) *Jan'25*

- Worked as a Trainee Intern focusing on the "Front-End Development" program to build responsive and interactive user interfaces.

B.Sc. Computer Science & Engineering *June'25*
CSE @ American International University- Bangladesh

- Major: Software Engineering
- Coursework: Data Structures, Algorithms, Web Technology, Artificial Intelligence, and Advanced ASP.NET Web technologies.

Higher Secondary Certificate. *July'19*
Shaheed Police Smrity College.

Secondary School Certificate. *April'17*
The Carter Academy.

Other Projects

- **Agro-Farming**
  Abstract: A web-based application designed to assist farmers in managing agricultural activities. The project utilizes PHP, jQuery, and UI/UX design principles to provide an interactive user experience.

- **Blood Bank Management System**
  Abstract: A robust C# and .NET based web application developed for managing blood donations and inventory tracking. It leverages the .NET framework to provide a comprehensive management solution.

- **Plant Disease Detection**
  Abstract: An image processing and machine learning project using NumPy and OpenCV to extract features from diseased plants. It involves training classification models using TensorFlow or scikit-learn for real-world deployment.
- **Paisa (Mobile Banking)**
  Abstract: A comprehensive mobile banking system designed to streamline fund transfers, bill payments, and account inquiries. The project focuses on enhancing accessibility and security in the digital banking age.

ACTIVITIES & SERVICES

- Member, AIUB Computer Club
- Center Back, AIUB Football Team

MY HOBBIES

Football

- I am an active athlete, playing as a Center Back for the university team, which requires teamwork, discipline, and strategic physical coordination.

Language & Communication

- I am fluent in English and Bengali, and possess conversational skills in Hindi, allowing for diverse interpersonal communication.
